**Notes to Financial Statements**

**1. General**

On August 18, 1993, Investment Distributors, Inc. (the "Company") was incorporated under the laws of the State of Tennessee. The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is wholly owned by Protective Life Corporation ("PLC"). On February 1, 2015, PLC became a wholly owned subsidiary of The Dai-ichi Life Insurance Company, Limited, a *kabushiki kaisha* under the laws of Japan. The Company serves as a best efforts underwriter for registered products issued by Protective Life Insurance Company (a wholly owned subsidiary of PLC) ("PLICO"), Protective Life and Annuity Insurance Company (a subsidiary of PLICO) ("PLAIC") and MONY Life Insurance Company (a subsidiary of PLICO) ("MONY"), all of which are considered related parties, and Zurich American Life Insurance Company ("ZALICO"). These products include variable annuities issued by PLICO, PLAIC, MONY, and ZALICO, modified guaranteed annuities issued by PLICO and PLAIC and variable universal life products issued by PLICO, MONY, and ZALICO.

**2. Significant Accounting Policies**

**Basis of Presentation and Use of Estimates**

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

Cash and cash equivalents include interest-bearing demand deposit accounts and are considered highly liquid instruments. The carrying amounts reported in the Statement of Financial Condition for these financial instruments approximate their fair values (as defined by the Accounting Standards Codification ("ASC") Fair Value Measurement and Disclosure Topic) as of December 31, 2017, due to their short-term nature. Cash and cash equivalents are classified as Level 1 in accordance with the requirements of the ASC Fair Value Measurement and Disclosure Topic.

**Interest Income**

Interest income is primarily generated through interest earned on an interest-bearing demand deposit account and was accounted for on the accrual method.

**Recognition of Commissions Revenue and Expense**

Commission revenue and expense is recognized when the underlying insurance contracts have been issued and is based on the terms as stated in the underlying contracts. The Company recognizes 12b-1 fees, marketing fees and distribution fees from mutual funds, when earned. The Company recognized \$5.2 million of 12b-1 fees in 2017.

**Other Receivables**

Other receivables are comprised primarily of advances to the Company's representatives and accrued commissions receivable, including 12b-1 fees.

**Income Taxes**

The results of operations of the Company are included in the consolidated federal and state income tax returns of PLC and its subsidiaries. The Company utilizes the asset and liability method in

---

accordance with the ASC Income Taxes Topic. The method of allocation of current income taxes between the affiliates is subject to a written agreement under which the Company incurs a liability to PLC to the extent that a separate return calculation indicates that the Company has a federal income tax liability. If the Company has an income tax benefit, the benefit is recorded currently to the extent that it can be carried back against prior years' separate company income tax expense. Any amount not carried back is carried forward on a separate company basis, and the tax benefit is reflected in future periods when the Company generates taxable income. Income tax expense payable is recorded in the due to/from affiliates account and is settled periodically.

On December 22, 2017, the President of the United States signed into law the Tax Cuts and Jobs Act (the "Tax Reform Act"). The legislation significantly changes U.S. tax law by, among other things, lowering the corporate income tax rate. The Tax Reform Act permanently reduces the U.S. corporate income tax rate from a maximum of 35% to a flat 21% rate, effective January 1, 2018. Also on December 22, 2017, the SEC staff issued Staff Accounting Bulletin No. 118 ("SAB 118") to address the application of U.S. GAAP in situations when a registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the Tax Reform Act. The Company does not believe that any provisional tax impacts related to the Tax Reform Act are required in its financial statements for the year ended December 31, 2017. Due to, among other things, additional regulatory guidance that may be issued, additional analysis, and resulting changes in interpretations and assumptions the Company has made, amounts may be recognized in a future reporting period. Any adjustments to these provisional amounts will be reported as a component of income tax expense (benefit) in the reporting period in which any such adjustments are determined. The accounting is expected to be complete by December 31, 2018.

**Concentration of Credit Risk**

The Company maintains depository accounts with certain financial institutions. Although the account balances exceed federally insured depository limits, the Company has evaluated the credit worthiness of these financial institutions and determined the risk of material financial loss due to exposure from credit risk to be remote.

**3. Accounting Pronouncements to be Adopted**

**ASU No. 2014-09 – Revenue from Contracts with Customers (Topic 606).** This Update provides for significant revisions to the recognition of revenue from contracts with customers across various industries. Under the new guidance, entities are required to apply a prescribed 5-step process to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Update is effective for annual and interim periods beginning after December 15, 2016. The Amendments in this Update are applicable to the Company's Commissions revenues, and will be adopted using the modified retrospective approach as of January 1, 2018. The Company does not anticipate a financial impact as a result of its adoption of the amendments in the Update.

**4. Related Parties**

As principal underwriter of the registered life and annuity products of affiliated life insurance companies, the Company enters into selling agreements with multiple broker-dealers on a best efforts basis. Each selling firm is paid commissions on products sold and the affiliated life insurance company reimburses the Company for these commissions. PLICO coordinates, expedites, and disburses these commissions on behalf of the Company and provides corporate

accounting services, general ledger services, and staffing and administrative services to carry out the duties and functions of the Company.

In accordance with an administrative services agreement, the Company receives management and administrative services from PLICO, including allocations for various overhead costs. The Company recognized \$0.2 million of related expenses in 2017 under this agreement, which are included in "Other expenses".

Amounts due to/from affiliates, as disclosed on the Statement of Financial Condition (along with the related revenue and expense items presented on the Statement of Comprehensive Income), arise from these transactions as well as income taxes payable under the tax allocation agreement with PLC.

The Company earned all of its commissions from affiliated life insurance companies, excluding \$5.1 million of commissions from ZALICO and \$5.2 million of 12b-1 fees, during the year ended December 31, 2017.

**5. Income Taxes**

On December 22, 2017, the President of the United States signed into law the Tax Cuts and Jobs Act (the "Tax Reform Act"). The legislation significantly changes U.S. tax law by, among other things, lowering the corporate income tax rate. The Tax Reform Act permanently reduces the U.S. corporate income tax rate from a maximum of 35% to a flat 21% rate, effective January 1, 2018. Also on December 22, 2017, the SEC staff issued Staff Accounting Bulletin No. 118 ("SAB 118") to address the application of U.S. GAAP in situations when a registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the Tax Reform Act. The Company does not believe that any provisional tax impacts related to the Tax Reform Act are required in its financial statements for the year ended December 31, 2017.

There were no temporary differences at December 31, 2017, and therefore, no resulting deferred tax assets or liabilities were recorded by the Company as of that date.

The income tax expense for the year ended December 31, 2017 was as follows:

Federal	
Current	\$ 1,586,503

Current	<u>165,211</u>
	<u>\$ 1,751,714</u>

---

The actual income tax expense for 2017 differed from the expected tax expense due to state taxes as displayed below. Expected tax expense was computed by multiplying the U.S. federal income tax rate of 35% to income before income tax expense.

Computed expected tax expense	1,644,263
Differences between expected and actual tax	
State tax, net of federal benefit	107,386
Non-deductible expenses	65
Total actual tax expense	<u>1,751,714</u>

Included in the "Other payables" on the accompanying financial statements is the Company's current federal income taxes payable of \$57,648 at December 31, 2017. The state income tax receivable of \$150,962 represents certain tax payments that occurred in prior periods that were in excess of the Company's tax liability. The Company has elected not to receive a refund, but to apply these amounts toward future tax liabilities.

As of December 31, 2017, the Company evaluated the need for the recognition of uncertain tax liability in accordance with the guidance of ASC 740, "Income Taxes," and determined that none should be recorded or disclosed. The Company's policy is to recognize interest and penalties related to tax contingencies in income tax expense, if applicable.

In general, the Company is no longer subject to income tax examinations by taxing authorities for tax years that began before 2014.

**6. Regulatory Requirements**

The Company is subject to the SEC's Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital (as defined) and requires that the ratio of aggregate indebtedness (as defined) to net capital shall not exceed 15 to 1. At December 31, 2017, the Company had computed net capital of \$5.2 million, which was \$4.8 million in excess of its minimum required net capital of \$0.4 million. The Company's computed ratio of aggregate indebtedness to net capital at December 31, 2017 was 1.07 to 1. As of and for the year ended December 31, 2017, the Company claimed an exemption from Rule 15c3-3 under Paragraph (k)(1). Customer transactions are limited to those involving redeemable securities of registered insurance companies and interests in insurance company separate accounts.

**7. Commitments and Contingencies**

A number of civil jury or arbitration verdicts have been returned against companies in the jurisdictions in which the Company does business, involving sales practices of representatives, alleged misconduct, and other matters. Increasingly, these lawsuits have resulted in the awarding of substantial judgments against these companies that are disproportionate to the actual damages, including material amounts of punitive damages. In some states, juries or arbitrators have substantial discretion in awarding punitive damages which creates the potential for unpredictable, material, adverse judgments in any given punitive damage suit. The Company, like other brokers and dealers, in the ordinary course of business, may from time to time be involved in such matters. Although the outcome of any such matter cannot be predicted with certainty, the Company believes that at the present time there are no pending or threatened matters that are reasonably likely to have a material adverse effect on the financial position, results of operations, or liquidity of the Company.

**8. Subsequent Events**

The Company has evaluated events subsequent to December 31, 2017, and through the financial statement issuance date of February 27, 2018. The Company has not evaluated subsequent events after that date for presentation in these financial statements.

### **Exemption Under Section (k)(1) has been Claimed**

The Company is not required to file the above schedule as it claims an exemption from the Securities and Exchange Commission Rule 15c3-3 (SEC Rule 15c3-3) under Paragraph (k)(1), as customer transactions are limited to those involving redeemable securities of registered insurance companies and interests in insurance company separate accounts.

## Report of Independent Registered Public Accounting Firm

To the Board of Directors and Management of Investment Distributors, Inc.

We have reviewed Investment Distributors, Inc.'s assertions, included in the accompanying Investment Distributors, Inc.'s Exemption Report, in which (1) the Company identified 17 C.F.R. § 15c3-3(k)(1) as the provision under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3 (the "exemption provision") and (2) the Company stated that it met the identified exemption provision throughout the year ended December 31, 2017 without exception. The Company's management is responsible for the assertions and for compliance with the identified exemption provision throughout the year ended December 31, 2017.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's assertions referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of 17 C.F.R. § 240.15c3-3.
